Product data sheet for uvex athletic lite dry

The uvex athletic lite dry assembly gloves in a comfortable slim-fit design allow precision work with high levels of wearer comfort. The slim ergonomic fit allows the wearer to feel and grip workpieces very effectively. The fine-structured, open-pored microfoam coating makes the gloves very breathable, which reduces excessive perspiration. The additional nitrile nubbing on the palm provides particularly good grip in dry working areas and increases the abrasion resistance and service life of the glove, making it an extremely cost-effective product.
